

Jury Notice nr. 3

Communications with Competitors

Please be advised that messages sent through the Telegram system and emails sent from the ROMS online hearing request and scoring enquiry system are a courtesy.

These message and emails do not relieve the competitors and officials of the need to visit the official notice board to find official communications regarding hearings, scoring enquiries and notices to competitors.

For example, failure to attend a hearing because a message or email was not received cannot be grounds to re-open that hearing.
